Overview Eligibility Benefits How to Apply References Details

PMMSY: Establishment of Medium RAS / Biofloc Culture System - Haryana is a flagship aquaculture subsidy initiative designed to promote modern fish farming infrastructure in the state. Under this component of the Pradhan Mantri Matsya Sampada Yojana (PMMSY), capital assistance is provided to fish farmers and entrepreneurs for setting up medium-scale Recirculatory Aquaculture Systems (RAS) and Biofloc culture systems.

This scheme supports high-density fish production using advanced, water-efficient, and space-saving aquaculture technologies, making it ideal for progressive fish farmers in Haryana.

About PMMSY: Establishment of Medium RAS / Biofloc Culture System - Haryana

Launched by the Ministry of Fisheries, Animal Husbandry & Dairying, Government of India, this scheme aims to modernize the fisheries sector by promoting sustainable aquaculture practices.

The scheme operates under a **50:50 cost-sharing model** between the Central Government and the State Government of Haryana.

Technical Specifications

For applicants choosing the RAS model:

Minimum 6 tanks

Each tank of 30 cubic meters capacity

Production capacity: 10 tons per crop

For applicants opting for the Biofloc model:

25 tanks

Each tank of 4-meter diameter and 1-meter height

These systems ensure efficient water recycling, controlled feeding, and improved fish survival rates.

Promotional banner of PMMSY: Establishment of Medium RAS / Biofloc Culture System – Haryana, showcasing RAS tanks, Biofloc units, and capital subsidy support for modern fish farming.

Financial Assistance and Subsidy Structure

Under **PMMSY: Establishment of Medium RAS / Biofloc Culture System - Haryana**, the total approved project cost is:

₹25,00,000

Subsidy Pattern

40% subsidy for General Category beneficiaries

60% subsidy for SC and Women beneficiaries

This subsidy structure significantly reduces the financial burden on eligible applicants and encourages inclusive participation in modern aquaculture.

Eligibility Criteria for PMMSY RAS / Biofloc Scheme in Haryana

To apply under this scheme, applicants must fulfill the following conditions:

Must be a permanent resident of Haryana

Must possess a valid Parivar Pehchan Patra (PPP)

Must own land or have a registered lease agreement valid for at least 10 years

The land must be free from legal or financial disputes

Must have access to a reliable water source such as canal, tube well, or river

Must possess a valid training certificate in fisheries or aquaculture

Must agree to operate and maintain the system at personal cost after establishment

Must submit a Detailed Project Report (DPR) or Self-Contained Proposal (SCP)

Must sign a formal agreement with the Department of Fisheries

Meeting these eligibility requirements is mandatory to avail subsidy benefits.
